# Suppliers List Cosmetics Belgium, The Netherlands, Luxembourg

Supplier	Description
	<b>Amino acids and amino acid derivatives *</b> Mild surfactants and effective active substances for skin and hair care (acylglutamate Na-PCA, Zn-PCA, lauroyl lysine, phytosteryl compounds, emollients and free amino acids).
	<b>Fresh plant extracts</b> High quality fresh plant and herb extracts. Fresh plant philosophy ensures that key active ingredients are maintained in the finished product.
	<b>Biomimetic skin care</b> Bimiol BSC® is a lamellar system which is modelled on human skin. This biomimetic skin care system is the ideal base for dermatological products to repair, rehydrate and regenerate dry, itchy and atopic skin.
	<b>Encapsulation, transport systems and active substances</b> Liposystem Complex for optimised availability and Cyclosystem Complex for delayed active agent release, enzymes as active substances and a range of active ingredient concepts for specific applications.
	<b>Vegetable specialities</b> Highly purified molecular distilled vegetable oil derived concentrates and active ingredients, protective lupin peptides and natural lipids from the Amazonian region.

Supplier	Description
	<b>Coloured pellets</b> High visible soft beads loaded with active ingredients (e.g. vitamins, aloe vera, etc.). Available in different colours and sizes.
	<b>Proven active agent concepts</b> Selected active ingredient concepts based on plant materials; well documented with scientifically proven efficacy and effectiveness.
	<b>Aloe Vera</b> High quality Aloe Vera products (liquids, gels and powder concentrates) and Aloe Vera Oil extracts for effective skin care.
	<b>Emulrey Wipe Conc.</b> A tenfold concentrated oil in water emulsion that is PEG-free. It is easy to dilute in water, resulting in a low viscous fluid ideal for the production of premium wet wipe products, which have the added benefit of being gentle and caring to the skin.
