

Alpinamed Product List

Alpinamed AG

ALPINAMED focuses on the development and manufacturing of plant based and natural active substances and special extracts. In addition to the classical extraction from dried plants, ALPINAMED also specializes in fresh plant extracts.

ALPINAMED's overriding aim is to manufacture products of the highest quality:

- products from carefully selected raw materials
- products that meet the criteria of a thorough quality control process
- products that demonstrate phytoequivalence

Founded in 1983, ALPINAMED is located in Eastern Switzerland, between Lake Constance and the Säntis Mountain. In order to provide optimum delivery service, ensure flexibility and security, ALPINAMED manufactures natural active substances simultaneously in two autonomous locations.

Thanks to the latest equipment, ALPINAMED's quality control process ensures that the quality requirements are fulfilled at every stage of production.

Methods used in ALPINAMED's laboratories include:

GC / MS, HPLC, TLC, IR, UV / UV-VIS

cGLP and methods validated on the basis of ICH guidelines are standards at ALPINAMED. ALPINAMED is GMP certified.
