

Dermosoft®: Multifunctional ingredients with antimicrobial properties

Product	INCI-Registration	Properties	Appearance
<i>Dermosoft® 688</i>	Fragrance	nature identical fragrance component	powder
<i>Dermosoft® 690</i>	Fragrance	fragrance mixture	liquid
<i>Dermosoft® 700</i>	Fragrance	fragrance mixture of natural origin	liquid
<i>Dermosoft 700 B</i>	Fragrance	fragrance mixture of natural origin	liquid
<i>Dermosoft 710</i>	Fragrance	fragrance mixture	liquid
<i>Dermosoft® 747</i>	Fragrance	natural fragrance component	powder
<i>Dermosoft® Octiol</i>	Caprylyl Glycol	moisturizer wetting agent	solid
<i>Dermosoft® MCA</i>	Dipropylene Glycol; Caprylyl Glycol; Glyceryl Laurate; Phenyl Propanol	moisturizer wetting agent	liquid
<i>Dermosoft® MCA Variante</i>	Caprylyl Glycol; Dipropylene Glycol; Glyceryl Caprylate	moisturizer wetting agent	liquid
<i>Dermosoft® GMC</i>	Glyceryl Caprate	fating agent, moisturizer, wetting agent of natural origin, deoactive (HLB: ~ 6,5)	solid
<i>Dermosoft® GMCY</i>	Glyceryl Caprylate	fating agent, moisturizer, wetting agent of natural origin, deoactive (HLB: ~ 6,5)	solid
<i>Dermosoft® DGMC</i>	Polyglyceryl-2 Caprate	fating agent, moisturizer, wetting agent of natural origin, deoactiv (HLB: ~ 9)	viscous liquid
<i>Dermosoft® SLL</i>	Sodium Lauroyl Lactylate	Co-emulsifier from natural raw materials, deoactive (HLB: ~ 17)	viscous liquid

Dermosoft® and *Dermofeel®* are registered tradenames of
Dr. Straetmans Chemische Produkte GmbH, Germany (Status 01/2004)

Dermofeel[®]: Raw materials for superior cosmetic products
Polyglyceryl esters/surfactants, solubilizer and emulsifier

Product	INCI-Registration	Properties	Appearance
<i>Dermofeel</i> [®] G6 CY	Polyglyceryl-6 Caprylate	surfactant with good wetting properties, good oil solubiliser	viscous liquid
<i>Dermofeel</i> [®] G2L	Polyglyceryl-2 Laurate	Texturizing agent, co-emulsifier, improvement of skinfeel (HLB: ~ 10)	paste
<i>Dermofeel</i> [®] G3L	Polyglyceryl-3 Laurate	surfactant with good wetting properties, good oil solubiliser (HLB: ~ 11)	paste
<i>Dermofeel</i> [®] G5L	Polyglyceryl-5 Laurate	surfactant with good wetting properties, good oil solubiliser (HLB: ~ 13)	paste
<i>Dermofeel</i> [®] G10L	Polyglyceryl-10 Laurate	surfactant with good wetting properties, good oil solubiliser (HLB: ~ 16)	paste
<i>Dermofeel</i> [®] G10LW	Polyglyceryl-10 Laurate/water	surfactant with good wetting properties, good oil solubiliser (HLB: ~ 16)	viscous liquid
<i>Dermofeel</i> [®] PS	Polyglyceryl-3 Stearate	Polyglycerylester-emulsifier of natural origin for O/W emulsions (HLB: ~ 9)	free flowing powder
<i>Dermofeel</i> [®] PP	Polyglyceryl-3 Palmitate	Polyglycerylester-emulsifier of natural origin for O/W emulsions (HLB: ~ 9)	paste

Polyglyceryl esters/surfactants, solubilizer and emulsifier (cont.)

Product	INCI-Registration	Properties	Appearance
<i>Dermofeel® PR</i>	Polyglyceryl-3 Polyricinoleate	Polyglycerylester- emulsifier of natural origin for W/O emulsions (HLB: ~ 4)	viscous liquid

Other Polyglycerylester are available upon request!

Other emulsifiers

Product	INCI-Registration	Properties	Appearance
<i>Dermofeel® PO</i>	Glyceryl Oleate	Co-emulsifier (HLB: ~ 4), bodying agent	solid white pellets
<i>Dermofeel® SL</i>	Sodium Stearoyl Lactylate	Co-emulsifier, (HLB: ~ 17); improves skin feeling; Cosurfac- tant, improves foaming properties	powder
<i>Dermofeel® GSC</i>	Glyceryl Stearate Citrate	emulsifier of natural origin for O/W emulsions (HLB: ~ 10 - 12)	flakes
<i>Dermosoft® GMO P-30</i>	Glyceryl Oleate Pyroglutamate	cosmetic additive with antimicrobial properties for specific improvement of emulsions and hair care products	liquid

Oil components

Product	INCI-Registration	Properties	Appearance
<i>Dermofeel® BGC</i>	Butylene Glycol Dicaprylate/Dicaprate	high spreading oil component; good skin feeling; good for decorative cosmetics and baby care	liquid
<i>Dermofeel® TC-7</i>	Triheptanoin	high spreading, sliding, not fattening oil component of natural origin	liquid
<i>Dermofeel® MCT</i>	Tricaprylin	high spreading, sliding, not fattening oil component of natural origin	liquid
<i>Dermofeel® GDI</i>	Glyceryl Diisostearate	oil component for decorative cosmetics (lipsticks)	low viscosity liquid
<i>Dermofeel® GTI</i>	Triisostearin	oil component for decorative cosmetics (lipsticks)	high viscosity liquid

Antioxidants and chelating agents

Product	INCI-Registration	Properties	Appearance
<i>Dermofeel® Toco 70</i>	Tocopherol	natural antioxidant, food additive	liquid
<i>Dermofeel® E 67</i>	Tocopherol	natural antioxidant, food additive	liquid
<i>Dermofeel® E 74 A</i>	Tocopheryl Acetate	natural antioxidant, food additive	liquid
<i>Dermofeel® Ascorbyl Palmitat</i>	Ascorbyl Palmitate	antioxidant from natural and nature identical raw materials, food additive	powder

Extracts, Active Ingredients and Specialities

Product	INCI-Registration	Properties	Appearance
<i>Dermofeel[®] PA</i>	Phytic Acid	natural chelating agent	liquid
<i>Dermofeel[®] PA-3</i>	Sodium Phytate	natural chelating agent	liquid
<i>Dermofeel[®] FlavonP</i>	Camelia Oleifera Extract	green tea extract	powder
<i>Dermofeel[®] Phenon 100 S</i>	Camelia Oleifera Extract	specifically prepared green tea extract with high polyphenol content for colour stable products	powder
<i>Flavikafine S</i>	Calcium Alginate	water absorbing beads for decorative cosmetics	powder
<i>Molasses liquid</i>	Water, Butylene Glycol, Molasses Extract	skin lightener	liquid
